### SAD DROWNING FATALITY SUNDAY

The entire community was shocked on Sunday afternoon, September 17th, to hear of the death by accidental drowning of Josephine Annie, the twenty months' old daughter of Mr. and Mrs. S. A. Yorke, of South Buffalo Lake.

Mr. Yorke left the house during the morning to chase some cattle from his grain, and it is presumed that the little child later, unknown to the parents, started to meet him. Upon his return about noon, it became known that Josephine had probably wandered off, and a search commenced. The neighbors were called upon to help in locating the missing child, and after searching the bluffs and grain field until four in the afternoon, someone noticed a hat floating on the surface of a small lake on the farm, and her body was eventually found in eight feet of water. Mr. Yorke was in a field on the other side of the lake, and the child had probably heard his voice and started across the water to reach him, had fallen, and he came entangled in the weeds and was unable to extricate herself.

The sympathy of all goes out to Mr. and Mrs. Yorke in the distressing loss of their only child.

The funeral service was held on Wednesday afternoon, the 20th inst., at St. Monica's church, Rev. Malcolm Peart officiating. Interment took place at Mirror cemetery, the pallbearers being four members of the G. W. A., viz., Andrew Common, W. J. Goad, Fred C. Hazell and F. G. Fynn.

### LOCAL AND DISTRICT NEWS

FOR SALE.—Two wooden water barrels in good condition. Apply The Journal office.

Last Saturday's rain put a damper on threshing operations for a few days, but machines are again working overtime.

Mrs. D. E. Bull and daughter returned on Tuesday from Calgary. Mrs. Ward and daughters Evelyn and Dorothy, accompanied Mrs. Bull.

Andy and Charlie Ray were out shooting this (Thursday) morning and bagged 25 ducks and three geese. Andy accounted for two of the geese with one shell, and now considers himself the crack shot of Mirror.

Mrs. J. Setter met with a painful accident on Sunday last while driving home from church. Her horse became frightened and bolted, throwing Mrs. Setter from the rig and injuring her severely about the ribs. She is at present convalescing at the home of Mrs. R. D. Wiggins, and latest reports are that she is improving.

CHICKEN SUPPER.—A Chicken Supper under the auspices of the Finance Committee of the Union Church will be held in the Town Hall, Mirror, on Saturday evening, September 30th, from 5 to 7 o'clock. Admission, Adults, 50c.; children under 10, 30c. The committee are not making a house to house canvass for eatables, but any donations will be gratefully received.

#### Union Church

Rev. J. E. Collins, Pastor

11 a.m., Sunday School Rally. Special program, in which the Primaries will take the most prominent part. An object talk will be given by Mrs. M. Peart. 7:30 p.m.—The evening service will be a departure from the usual. The young people of the church will contribute a program of service. Brief addresses will be given by Frank Morrison, and the pastor, Rev. J. E. Collins.

Parents of all the Sunday School children are cordially invited to make Sunday a general Go-to-Sunday-School Day.

### PYM BROS. ARE MOVING TO B. C.

Pym Brothers, Ronald M. and F. Guy, have decided to move to British Columbia, where they will manage the extensive ranch of J. C. Dunwaters, at Fintry, B. C., in the Okanagan Valley. Mr. Dunwaters has been endeavoring for more than a year to secure the services of Pym Brothers and the extra inducements offered were such that they decided to make the change.

The ranch is one of the most successful in the country and is noted for its pure bred Herefords, there being over one hundred head on the ranch at the present time. One of the boys will leave for Fintry early in October, while the other will remain until some time in November before pulling up stakes. They will hold an auction sale of their farm stock, including household effects, etc., on Tuesday, Oct. 17th, and a sale of the pure bred stock several weeks later.

Pym Brothers have been in this district for nine years and during that time they have built up a splendid herd of pure bred Herefords and made Exmoor Ranch well known throughout this country for its prize animals.

Pym Brothers and the Mesdames Pym have many many friends among both the old timers and new comers and are popular all through the district; their leaving will be a distinct loss to the community, and their many friends will join in wishing them every success in their new undertaking.

Exmoor Ranch is for rent, either with or without the Hereford herd, for a year or a term of years.

#### Meeting About Rink

A meeting to discuss hockey, curling and the rink question will be held in the Library building on Monday evening, Sept. 25th, at 8:30 o'clock. All interested are requested to attend.

#### Returns Indemnity

Lacombe, Alta., Sept. 11.—Hon. Irene Parby, minister without portfolio in the Greenfield cabinet has returned to clerk of the house, parliament buildings, Edmonton, the full amount of \$250 received by her for the special session held recently.

#### Trail Rangers

Friday evening, Sept. 22nd.—Debate: "Resolved, that the moving picture is more valuable and enjoyable than the regular play." Affirmative: Jack Annesley and Lloyd Holditch. Negative: Art Ballantyne and Geo. Oldring. Rangers will meet in the basement of Union Church.

Taxis Boys will hold their first regular meeting on Friday evening. There will be a literary program. Taxis will meet in the auditorium of the Union Church.

At the close of the meetings both groups will assemble in the basement for drill.

#### St. Monica's Church

Rev. M. Peart, M.A., Rector.

15th Sunday after Trinity. Evening, 7:30 o'clock. Sunday School, 1:45 p.m.

SEPTEMBER 29th.—St. Michael and All Angels. Holy Communion, 9 a.m.

OCTOBER 1st.—Harvest Festival, 3 p.m.

#### BORN

Near Mirror, Alberta, on Saturday, September 16th, 1922, to Mr. and Mrs. Hugh Stevenson, a son.

In the George District, on Monday, September 18th, 1922, to Mr. and Mrs. C. E. Neis, a daughter.

## WORLD HAPPENINGS BRIEFLY TOLD

Gold production in Ontario for the first half of 1922 shows a marked increase over any similar period.

Pope Pius has requested France to protect the lives and interests of the Catholic clergy in Asia Minor, who are threatened.

The British mandate for Palestine was formally proclaimed Sept. 11. Sir Herbert Samuel, the High Commissioner, assumed office and took the oath of allegiance.

The Aerial Survey Company is making preparations for extensive flying operations in Newfoundland during the coming winter and three planes have arrived at St. John's from England.

Discovery near Victoria is reported of a large deposit of volcanic ash of the Pleistocene period, which, it is claimed, will supersede on the market all the present day cleaning compounds.

An autographed photo of Marshall Foch, which was one of the most prized possessions of the Aero Club of Canada, has disappeared, and it is thought some disreputable hunter has taken it.

The longest distance that Alberta coal has yet been shipped was when an Edmonton firm recently forwarded a carload of eggs coal to Lewis, Que. The freight rate alone for the journey was \$13.20 per ton.

A formal agreement was signed by Leon Krasnin, Soviet Minister of Foreign Trade and Commerce, and Leslie Troughton, of London, providing for complete restoration of the trade rights for 99 years of the present holdings of the Russian Asiatic Consolidated, Limited.

## Express Rate on Cream

Rate of Three Gallon Cans Allowed to Alberta Dairymen

Favoring the establishment of an express rate on three gallon cans of cream that would be lower than the rate on five gallon cans, the Board of Railway Commissioners for Canada allowed the representatives of the Alberta Dairymen's Association and the cream companies one month's time in which to arrive at some suitable arrangements. Failing to reach a satisfactory agreement, the Railway Commission will form a tariff.

The Alberta Dairymen's Association was represented by A. Chard, traffic superintendent of the Provincial Government, who, in giving his evidence, stated that owing to the recent legislation passed by the Provincial Government it was essential to establish a rate on three gallon cans of cream if the smaller producers of cream were not to be penalized.

Application of the Alberta Fish Company, Limited, for a reduction in the express rate on fish from Edmonton and points north to Vancouver, was made to the commission, but the chairman reserved judgment, but he said he had conferred with the other members of the board. The Alberta Fish Company, stated that the charges for shipping fish from Edmonton and points north to Chicago was 25 per cent. higher than for fish shipped from the coast, although the distance from the coast was from 600 to 300 miles farther.

## IN THE SHADOW OF POOR HEALTH

In This Condition Relief Comes Through Dr. Williams' Pink Pills. When the shadow of poor health falls upon you; when hope fades and life itself seems scarcely worth living, then is the time you should remember that Williams' Pink Pills, as you feel, have been restored to the sun of health through the use of Dr. Williams' Pink Pills. The rich red blood which these pills actually make, strengthens the whole system. The nerves are strengthened, headaches disappear, the stomach is cleared, and once again there is joy in life. Among the thousands benefited by the use of Dr. Williams' Pink Pills, Dr. Robinson, Ottawa, who says: "Some time ago I was in an abnormal condition and I would faint away at times. I was not able to do my work, and I was in a state of nervousness, in fact life seemed scarcely worth living. I took Dr. Williams' Pink Pills and in a few days I was able to get on my feet and in a few more days I was able to do my work as usual."

Dr. Robinson, Ottawa, who says: "Some time ago I was in an abnormal condition and I would faint away at times. I was not able to do my work, and I was in a state of nervousness, in fact life seemed scarcely worth living. I took Dr. Williams' Pink Pills and in a few days I was able to get on my feet and in a few more days I was able to do my work as usual."

Like a Grip at the Throat. For a disease that is not named, as falls there is probably none which causes more terrible suffering than diphtheria. Sleep is impossible, the suffering because exhausted and finally, though the attack passes, is left in uncertainty of its return. Dr. J. D. Kellogg's Anthrax Remedy is a wonderful remedy for the restricted throat. It is sold by druggists everywhere.

It is one thing to tumble to a scheme, but quite another matter to fall for it.

The Coliseum at Rome held 100,000 spectators, of whom 37,000 were seated.

## CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the Signature of *Dr. J. C. Watson*

## Junior Red Cross

Spindled Work Carried on by Junior Red Cross in Saskatchewan

Over 1,000 children in Saskatchewan—1,030 to be exact—who are crippled or suffering from some defect requiring the services of a specialist, and whose parents were financially unable to make necessary provision for their treatment, have been reported to the Junior Red Cross, and treatment provided for the vast majority of these cases out of the Junior Red Cross fund for Crippled Children.

The tangible evidence of the splendid work being carried on by the Red Cross in Saskatchewan was reported to a meeting of the Junior Red Cross Committee held at Regina a few days ago.

During the past twelve months cases calling for treatment have been reported on an average of more than two a day. They have been cared for at the Sanatorium at Fort Assiniboia and in hospitals all over the province. At one time recently every child but one in the children's ward of a Saskatoon hospital was a Junior Red Cross patient, and there are always a number of such patients there and in the Albermar Club ward of Regina General Hospital, and in the I.O.D.E. Children's Pavilion at the Sanatorium.

Not in the included in this number, large as it is, the children who have received dental treatment in rural schools from the two traveling Junior Red Cross dental cars. The treatment of children receiving dental treatment up to August 31 last was 2,500, while the number of fillings, extractions, etc., totaled 5,211. Address in the schools on oral hygiene by the dentists numbered 161, at which over 5,000 children were present.

During the twelve months ending August 31 the Junior Red Cross Committee, in Saskatchewan, has received \$4,000, has been paid to the Saskatchewan Hospital alone for treatment and maintenance of boy and girl patients there, whose parents could not afford to have necessary care given them in order to check the progress of their dread disease.

An interesting phase of Junior Red Cross work for children has been the holding of classes at selected points where investigations by school nurses had disclosed numbers of children requiring medical and dental care. Five classes were organized by the Junior Red Cross between June 1 and August 31, and were held at Torquay, Quimper, Gladmar, Green Lawn and Torquay. In all 123 children were treated, and were held at Torquay, Quimper, Gladmar, Green Lawn and Torquay. In all 123 children were treated, and were held at Torquay, Quimper, Gladmar, Green Lawn and Torquay.

In order to continue this medical work, health work on the large scale has already started. The plan of extending the Junior Red Cross organization into all the schools was clearly realized, and with the opening of the fall term renewed efforts are being made, and already with gratifying results, to organize many new branches.

This is being done with the wholehearted commendation and active co-operation of all Department of Education officials from the minister down, and including the department minister, school inspectors, school nurses, teachers and school district officials.

To further augment the fund for this work it was decided to make the issue of a Junior Red Cross Christmas Stamp an annual event. For the 1922 stamp, of which half a million have been ordered to sell at one cent apiece. Miss Keating, air superintendent in Regina College, has contributed a most attractive design in three colors, red, green and black.

The members of the Junior Red Cross Committee are untiring in their praise of, and thanks to, the doctors of Saskatchewan, who have so generously given of their time and skill in the treatment of these children, and without remuneration. Had it not been for this splendid public-spirited co-operation by the doctors in this humanitarian work it would have been quite impossible to accomplish such a vast amount of good. Parents and children are deeply grateful and the Red Cross are the good offices of the press in order to give public expression to their appreciation.

The "rejection" call from Pennsylvania coal mines amounts to some 200,000,000 tons a year.

There are 40,000 muscians in an elephant's trunk, and only 527 in a man's body.

## A Combination of Two Materials and the Result Is Chic

Whole System Is Benefited By Tanlac

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength, and working efficiency. It seems to quickly invigorate the constitution, and is a powerful tonic for weakness. Mrs. John Hestick, 911 Notre Dame Ave., Winnipeg, Man., says:

"Five years ago I had a nervous breakdown. I couldn't even hold a glass of water without shaking it out. My head ached so I thought it would split and I got so dizzy that several times I fell and hurt myself so bad the scars are on my feet. Six bottles of Tanlac actually made me feel like a different person. All my troubles are now gone."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, long and muscle, purifies the system and helps you back to normal weight. Get a bottle today at any good druggist.

## Road Building In Canton

Chinese Adding Miles of Modern Streets to Highway System

While road building in Canton, China, is not proceeding with the same rapidity as in this country, its programme is quite progressive, when it is considered that prior to 1920 there were only six miles of road, which a motor car could make any progress without broken axles and injured spines. Eighteen months later, however, some 100 miles of roads, after years of inactivity, had added nine miles of modern streets to their highway system and seven and one-half miles were under construction.

The Oil of the People—Many oils have come and gone, but Dr. Cass's Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands are benefited by it and would use no other preparation.

Teacher—"The word 'grand' is used in the sense of 'splendid, sublime, noble,' and the like. Can you give an example of such use?" Little Bobby—"Yea. Grand dukes and grand larceny."

## Never Mind What Granny Remember—You're You!

MANY people refuse to believe that tea or coffee can possibly harm them, because they have used these table beverages ever since they outgrew the health rules relating to children.

"Nonsense!" they say, "Why, Granny has been drinking tea or coffee all her life."

It's true that some folks drink tea and coffee without apparent harm. These are the exceptions. But to most people there comes a day of reckoning.

If you are free from headaches, nervousness and indigestion, if you never lie awake at night, if you know that your health is unimpaired—then, perhaps, you are an exception too.

BUT—it's well to know that, when you do find something the matter with your nerves and digestion, there's a happy, healthful, table beverage made from roasted wheat. Its name is Instant Postum. It has a fragrant aroma and a rich, full-bodied flavor that charm and satisfy without risk to your health and comfort.

Sold by grocers everywhere

## Instant Postum FOR HEALTH

"There's a Reason"

A generous sample tin of Instant Postum sent, postpaid, for 40c in stamps. Write: Canadian Postum Cereal Co., Ltd., 43 Front St. E., Toronto. Factory: Windsor, Ontario.

## PEREIRE'S MADEIRA TORONTO

Professor Turpin, of Moscow, who discovered a process of dyeing fabrics, was decorated by the Commissioner of Social Economy deserving of a bounty. He was accordingly granted 80,000,000 rubles.

The professor received at once 2,000,000,000 paper rubles. In lieu of the rest he is offered a villa in the Crimea, to be chosen by himself. So there are for sale in the Crimea some 78,000,000 ruble villas—five rooms and all the comforts of home.

With his 2,000,000,000 rubles the professor can pay his living expenses for one season—New York Tribune.

Peat in Canada There are estimated to be about 37,000 square miles of peat bogs in Canada. Forty-two per cent of the peat is located in Ontario, with a total area of 132,321 acres containing about 115,100,000 short tons of peat and 215,000 tons of peat litter. A total of 105 bogs have been surveyed in Canada, with an aggregate of approximately 221,131 acres. These contain 120,310,179 tons of fuel and 20,588,110 tons of litter.

There are 40,000 muscians in an elephant's trunk, and only 527 in a man's body.

Ask for Minard's and take no other

### JOTTINGS

It is interesting to know that Canada has an area of 1,401,310,413 acres. Of this there are upwards of 440,000,000 that are arable. We have under cultivation 30,000,000 acres. In addition, there are 170,000,000 acres of timber land. These lands bear about 700,000,000,000 feet of timber. The coal deposits of Canada are estimated at approximately 1,234,000,000,000 tons. In addition there are rich deposits of minerals, such as iron, nickel, and gold. This part of the country is supposed to contain platinum!

The mysterious Turk has returned! The Turk has been more than a thorn in the side of Europe for four centuries. When, many centuries ago, the Turk captured Constantinople, his coming was a signal for the break up of the Middle Ages. When Constantinople was taken by him in the 16th Century, a large number of Greek scholars that were domiciled there spread all over Europe, scattering the seeds of their learning. The result was the great Revival of Learning which ushered in the modern world. What will the Turk do now? Will he be again the disturber of Europe, and of the world?

It is reported that the Chinese have taken up motoring. Shanghai, Peking and Dairen are the chief ports of entry in China, and in Shanghai alone during the first six months of this year nearly 300 cars were imported. The change in this city of Peking, because of this, is really astonishing. The Henry Ford is becoming a familiar sight in old, conservative China.

Appeals for more money are the order of the day. Hon. W. S. Fielding, Minister of Finance, will appeal to the country in October or November for a new Canadian loan. Our present needs are \$350,000,000. Already \$100,000,000 has been raised in New York; in addition there are loans soon to mature amounting to \$182,000,000, and outstanding treasury bills which amount to \$143,000,000. In addition to the above advantages business is declared much better now than it was this time the year ago. We can make the grade, no doubt, although some do not see this clearly.

### Business Meeting Of T. R.

A business meeting of the Trail Rangers was held in the Union Church, September 15th. Hugh Smith, Chief Ranger, in the chair. The minutes of the previous meeting were read and adopted on a motion by Joe Tulloch, seconded by Harold Bruckney.

The report of the program committee for the next two months was heard and adopted. Committee was dismissed on a motion by Geo. and James Oldring.

Moved by Joe Tulloch, seconded by Geo. Oldring, that we keep to the rules regarding ages for Trail Rangers.

After the business session, Mr. Baugh, principal of Mirror school, gave a talk on "Honesty, Industry and Temperance."

A vote of thanks was accorded Mr. Baugh.

Meeting adjourned.

AREE, BALANTYSE, Tally.

Municipal Hail Insurance  
Rate Is 5 Per Cent.

At the meeting of the Hail Insurance Board of Alberta held Friday last at their offices in the city of Calgary, the rate of assessment for hail insurance for 1922 was fixed at 5 per cent.

The volume of insurance written in 1922 was not quite as great as that of previous years due to adverse crop conditions and lower grain prices, and doubtless, also to the higher rate the board found it necessary to set in 1922. The co-operative plan of protection against hail is evidently meeting with the approval of the farmers of this province.

## COMMUNICATION

To the Editor of THE JOURNAL.  
Dear Sir: As "The Village of Mirror" object to seeing a team of mine on the streets of Mirror, I would greatly appreciate a tying post placed outside of the village limits, thus avoiding all annoyance to any person to whom it may concern.  
R. W. McDONNELL.

### Special Accommodation Old Country Travel--Xmas and New Year

All those contemplating a trip home to the Old Country for next Christmas and New Year should not overlook the thru sleeping car service and special train service from Western Canada to the Atlantic seaboard which will be provided by the Canadian National Railways next November and December, particulars of which are as follows:

For S.S. "Canada" and S.S. "Antonia" sailing from Montreal, November 18th, a special tourist sleeper will leave Edmonton on the "Continental Limited" November 14th, and another tourist sleeper from Edmonton on train No. 6, November 13th, running through to Montreal, close to ship's side. For the S.S. "Saxonia" and S.S. "Cesandra" sailing from Halifax, December 1st, a special tourist sleeper will leave Edmonton and Saskatoon on the "Continental Limited" November 27th, and Winnipeg, November 28th, running thru to ship's side at Halifax. For the S.S. "Regina" from Halifax, December 3rd, a special tourist sleeper will leave Edmonton and Saskatoon on the "Continental Limited" November 28th, and a special tourist sleeper from Calgary via Saskatoon and Regina on trains 10 and 6, November 27th, running thru to ship's side.

Special Through Train  
For S.S. "Andania" and S.S. "Meganic" ex. Halifax, December 9th and December 10th, respectively, through tourist sleepers will leave Vancouver, Calgary, Edmonton and Regina, with additional standard and tourist sleepers from Winnipeg, from which point all sleepers for these two sailings referred to will be consolidated and operated in a special solid through train, which will also have superb dining car facilities and other standard coach equipment. The special train will leave Winnipeg December 9th, and will run through to the ship's side at Halifax. Passengers booking space for any of the above sailings cannot do better than also book reservations in any of the above through sleepers which ensures direct connection with the steamships, without any change of cars en route, and with a maximum of comfort at no additional expense. Passengers will be allowed to occupy these sleepers at seaboard the night prior to sailing, if necessary. Bookings should be made early, in view of the big demand for space for Christmas sailings.

Further information as to rates, sailings reservations, etc., may be secured from any agent of the Canadian National Railways.
